## Dear Perspective Families,

Welcome to FOUR-FOREST Bilingual International School. It is with great pleasure we invite you for a private tour of our thriving school communities in action.

FOUR-FOREST Bilingual International School is a reputable private day school offering a high-quality education. Based on the curricula of the cantons of Luzern and Zug, teaching is delivered equally in German and English. **We offer a forest school, a pre-school and a kindergarten as well as all classes of the primary school and secondary school age range.** Our customers include international and multilingual families as well as Swiss families with an interest in bilingual education. The school in Luzern is situated in close proximity to the Rotsee and our school in canton Zug is centrally located in Steinhausen.

We are thrilled to offer this unique insight of our schools both in person and via video call. All appointments include a tour of the facilities and classrooms as well as a welcome meeting with a member of the management team. We very much look forward to meeting parents who are interested in a bilingual education for their children in a school which gives children the time and space to be happy, curious and accomplished.

If you would like to book a virtual tour or visit our school, please complete the [Online Contact Form](#). We look forward to welcoming you and personally introducing you to our school.
